HEALTH FOR ALL IN AFRICA
OUR COLLABORATIONS SUPPORTING THE SDGs

As Africa’s population continues to grow, it is estimated to reach 2.5 billion people by 2050, investments in robust health systems are key to inclusive and sustainable growth.

In 2019 African Union countries reiterated their pledge to allocate 15% of their annual budget to the health sector. The innovative pharmaceutical industry is committed to tackling health challenges and supporting the SDGs, moving beyond traditional CSR to align programs to government priorities by strengthening health systems and developing innovative solutions to increase access to care and treatment.

WE WORK ACROSS MANY DISEASE AREAS, THE TOP 3 DISEASE AREAS WE ARE WORKING ON ARE:
- Cancer
- HIV-AIDS
- Diabetes

WE COLLABORATE WITH DIVERSE PARTNERS ACROSS SECTORS TO TACKLE AFRICA’S BIGGEST HEALTH CHALLENGES

WE WORK WITH A DIVERSE RANGE OF PARTNERS:
- Academia or Research Institutes: 179 partners
- Global NGOs: 85 partners
- Governments: 91 partners

OUR MOST COMMON PARTNERS ARE:
- World Health Organisation: 15 programs
- Clinton Health Access Initiative: 16 programs
- Population Services International: 6 programs

OUR PROGRAMS ALSO TARGET A RANGE OF POPULATION GROUPS, INCLUDING:
- People with low incomes: 79 programs
- Women: 89 programs
- Children: 89 programs

OUR PROGRAMS SUPPORT THE SDGs BEYOND HEALTH, INCLUDING:
- SDG 5 (gender equality and women’s empowerment): 38% of our programs in Africa support SDG 5
- SDG 9 (build resilient infrastructure): 39% of our programs in Africa support SDG 9
- SDG 10 (reduce inequalities): 44% of our programs in Africa support SDG 10

SPOTLIGHT PROGRAMS
Explore the full range of our collaborations in Africa on Global Health Progress and see how we are addressing some of the most complex health challenges.
