

WORKSHOP ON COUNTERFEIT MEDICINES

INTEGRATED APPROACH AGAINST FAKE MEDICINES

29 APRIL 2015

KING FAHD PALACE HOTEL, DAKAR, SENEGAL

[REGISTRATION](#)

Open to all interested parties, the workshop aims at promoting an integrated approach to tackle counterfeit medicines by sharing best practices for collaboration between and within countries.

Participants include regulatory affairs professionals, representatives of regulatory authorities and other professionals involved in or interested in fighting fake medicines.

Participants will learn about the current regulatory landscape and initiatives against fake medicines and will discuss supply chain integrity and measures to prevent, detect, control and monitor fake medicines.

Simultaneous translation in French and English will be provided.
